

Dear Elkview Member,

On behalf of the staff at Elkview Country Club, we would like to thank you for your interest in our Junior Golf program. As the season is finally here, we understand that your children have many sports and activities to choose from. It is our goal to make the Junior Golf Program fun, exciting, educational, and most of all, available to as many children as possible.

The ECC Staff, along with your help, will introduce the game of golf to the beginner, and improve upon the abilities for the players that are returning for another summer. We realize it is hard to meet the needs of every individual in a group setting, but we try to help all of the children no matter what their experience level is. We want each child to leave here having a good experience and picking up some fundamentals of golf that will foster an interest in the game.

Please remember that to play in the Junior Club Championship you must register for one of the camps.

We will also be looking for volunteers to help during the clinics and the Junior Club Championship. Please contact the golf shop staff if you are interested.

Junior Golf Mission:

Our mission for Junior Golf at Elkview Country Club is to introduce and teach the fundamentals of the game in a positive, safe and fun learning environment.

Sincerely,

Jared Cottell, PGA
Head Golf Professional

Michael Brennan
Assistant Golf Professional

Bill Stutzman, PGA
