All Divisions

1. Partner Change: If a team member is unable to complete the regular season, the remaining team member may get a new partner. Points accumulated by the previous team are forfeited and the new team starts with 0 points. If this occurs in the second half of the season and the previous team qualified for the playoffs, they are eliminated from the playoffs.
2. Playoffs: Scratch & Handicap Division: 16 teams will make the playoffs. The top team in each division in each half will make the playoffs. If a team wins both halves, the 2nd place team in the 2nd half will make the playoffs. The remaining playoff spots will be based on total points accumulated for the entire season. Playoff seeding will be based on total points accumulated for the entire year regardless of how a team made the playoffs.
3. Ties for playoffs: Ties for seeding: Team with the higher point total for the 2nd half will be the higher seed. If still tied, if a team is a division winner they will get the better seed. If still tied, a coin flip will be used to determine the seeding. ****The head professional will set the playoff schedule. Inclement weather will be the only reason for a date change.**
